VICTORY ANYANWU

Software Engineer | Frontend

+234 7034970190 | victoryanyanwu29@gmail.com | GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience creating modern, responsive web applications with React, Next.js, and TypeScript. I specialize in turning product ideas and designs into clean, maintainable interfaces, with experience in API integration, reusable component architecture, performance optimization, and accessibility. I enjoy solving complex frontend problems and working with cross-functional teams to build products that are both technically sound and enjoyable to use.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Vue.js, Tailwind CSS, GSAP, Framer Motion, ShadCN/UI, HTML, CSS3 , SASS, Material UI.
Tools & Platforms: Git, GitHub, GitHub Actions, Sanity CMS, Jira, Slack, Trello.
Practices: Agile/Scrum, TDD, Micro-frontend Architecture, SEO Optimization, Responsive Design.
Real-time & Storage: Cloudflare R2, Firebase, MongoDB, Sanity.io.
Testing & CI/CD: Jest, Cypress, GitHub Actions, Jenkins, Vercel, Render.
AI Tools: Claude, Codex, Google Antigravity; daily use for building, refactoring, and code review.

PROFESSIONAL EXPERIENCE

Frontend Developer —Dotmac Technologies *April 2026 – Present*

Abuja, Nigeria | Hybrid

- Developed and maintained web applications using React, Next.js, TypeScript, and Node.js.
- Collaborated with cross-functional teams to deliver scalable software solutions.
- Built and integrated APIs for business-critical applications.
- Improved application performance and user experience through code optimization.
- Participated in code reviews, testing, and Agile development processes.
- Explored AI-powered tooling and LLM integrations to enhance development workflows and application capabilities.

Frontend Developer — SyntaxLABS *Jan 2024 – Present*

Abuja, Nigeria | Remote

- Developed and shipped production-grade web applications using Next.js, TypeScript, and Tailwind CSS, ensuring consistent cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
- Collaborated within an Agile/Scrum team to design and implement new features for a high-traffic e-commerce platform, directly contributing to a 30% increase in customer satisfaction scores.
- Partnered closely with back-end developers to integrate REST APIs, implementing robust error handling and loading states that improved application reliability and user experience.

Frontend Intern — Nigerian Communications Commission (NCC) *Jan 2024 – June 2024*

Abuja, Nigeria

- Built internal dashboards using React.js to visualize spectrum analysis reports, enabling data-driven decision-making for internal stakeholders.
- Developed responsive, mobile-first UI components that improved page load times by 15%, enhancing usability across devices and browsers.
- Collaborated with cross-functional teams including designers, back-end engineers, and product managers to deliver user-centric interface improvements.

PROJECTS

AutoConsult | Next.js · Tailwind CSS · Sanity CMS | autoconsultng

- Built a responsive, mobile-first car ordering platform using Next.js and Tailwind CSS to develop a full-featured company website with integrated e-commerce functionality, delivering consistent performance and cross-browser compatibility across all major browsers and screen sizes.

Davochi | React · Next.js · Sanity CMS · Framer Motion · Resend | davochi.ng

- Built and deployed a live real estate website using React and Next.js, delivering a fast, responsive, and cross-browser compatible experience across all major devices, Integrated Sanity CMS .
- Used Framer Motion to deliver smooth page transitions and micro-interactions, significantly enhancing the perceived quality and polish of the user experience.

Real-Time Weather Application | Vue.js · Tailwind CSS · JavaScript | climenta

- Developed a real-time weather application integrating third-party APIs with comprehensive error handling and loading state management, providing accurate location-based weather data.

EDUCATION

Bachelor of Science, Software Engineering, Mewar International University — *Graduated June 2025*

Nasarawa, Nigeria | GPA: 4.7

CERTIFICATIONS & MEMBERSHIPS

- Nigerian Computer Society (NCS) — Recognized Member, 2024
- K-Tech Fest Hackathon — Certificate of Participation

VOLUNTEER EXPERIENCE

Facilitator — Website Design Workshop

- Guided students in creating websites using Framer (low-code), delivering hands-on exercises adapted from Figma design files.
- Demonstrated domain registration and hosting setup, equipping participants with practical deployment knowledge.
